### ⌘ Safety Protocol

#### ⇒ Parking Lot

We are asking a support from our parents and guardians, please Do NOT PARK in the middle of the drop off loop as this is a safety concern.

The drop-off zone cannot be used for parking, even if the driveway roundabout is empty. It is the designated fire route for the school/childcare.

Please, drive with caution, safely allow the children and pedestrians to have the right of way. The safety and well-being of our children, staff and families continues to be a priority.

#### ⇒ Classroom pick-up and drop-off Protocol / Safety Measures

With the rising number of COVID cases in Toronto, parents and guardians are requested to drop off and pick-up their child(ren) at the door of their classroom.

Families are requested not to spend and or sit in the classroom for a lot of time. Our toddler, preschool and kindergarten children are not vaccinated against COVID.

Families are asked to follow the safety measure/protocol to keep our children and staff safe.
